Great Earthquake in Sicily.—Heavy Loss of Life and Property.

Score of the International Walking Match at 4 P. M. To-day.

Probable Removal of the French Legislative Chambers from Versailles to Paris.

GREAT BRITAIN.

AQUATIC.

London, June 18.—Plaid's boat for the match with Nicholson, has been launched and christened "Columbia." Plaid says the boat is the finest he has ever in. The length is 31 feet; breadth, 11 inches.

Plaid and Nicholson are both in excellent condition.

Hanon was so confident of the result of the champion match that he prepared Thursday last, the speech he delivered from the window of the New Castle Chronicle office Monday.

In regard to the proposition to contest for the sportsman's cup in America the Sportsman says:

"We feel convinced the trustees realize that the design of the donors was to promote the best interests of sculling, and that not necessarily in England alone."

Hanon is expected here soon and a grand reception is suggested.

PEDESTRIANISM.

At 9.30 to-day the score in the pedestrian match was Brown 252 miles, Weston 240, Ennis 161, Harding 109. At that hour Brown and Ennis were walking, and Weston and Harding were resting.

Rowell has deposited £100 to bind him to a match with the winner.

Banchot, of Buffalo, who won the last match in New York, expresses his intention to challenge the winner, but prefers that the match take place in America.

The betting, of which there is very little, is 2 to 1 on Brown, but there is every reason to expect a close race between him and Weston. The latter has astonished everybody by his performance thus far. He looks fresh and is confident of winning.

It is doubtful if Harding will re-appear.

Ennis has good prospects for scoring 450 miles.

LATER.
At 4 o'clock the score was: Brown, 281 miles; Weston, 271 miles; Ennis, 180 miles; Harding, 109 miles.

Brown dogs Weston as Rowell did O'Leary.

BUSTED.
Mathew Dickie, trading as David Bowles & Co., cotton spinner at Stockfort, failed. Liabilities, £61,000.

AFRICA.

Washington, June 18.—The committee on civil services and retirement, to which was referred the amendment (No. 2, B. The Mississippi River improvement commission bill was taken up.

The bill passed, with senate amendments, providing that the commission shall consist of seven members; three from the engineer corps of the army, one from the coast and geodetic survey, and three from civil life, two of whom shall be civil engineers.

Members, Chandler, Morrill, Platt and Salisbury were the only senators voting nay.

The army appropriation bill was then taken up.

The house then resumed consideration of the bill prohibiting political assessments.

Mr. Hostetter, who had charge of the bill, insisted on the previous question, as his motion the amendments (No. 2 and 3, verbal) were concurred in, and amendment No. 1, expanding from the provisions of the bill section 3,782 of the statutes, was non-concurred in.

Stevens, chairman of the coinage committee, reported a bill for the exchange of trade dollars for legal tender dollars, and debate thereon was limited to two hours.

Pending consideration of that bill Mr. Atkins submitted the conference report on the legislative appropriation bill.

CRIME AND CASUALTY.

A Wealthy Bridgeport Woman Shoots Her Husband and Herself.

THE HULL TRAGEDY.
New York, June 18.—The inquest on Mrs. Hull, murdered last week, was postponed till to-morrow.

The jury and coroner, accompanied by Police Captain Williams and several detectives, visited the house where the tragedy occurred and closely scrutinized the surroundings of the room in which the murder was done, the bed on which the body was found, the broken trunk, etc.

After this examination, Nancy Francis Cook, repeated the story of finding Mrs. Hull murdered.

Nellie West, a colored servant, told of finding the front door partly open and Capt. Williams described the condition in which he found the windows of the back parlor and bed room.

The officials then returned to the coroner's office and found it uncomfortably filled with people interested in the case. The coroner stated that the trial would take place at police headquarters, where a room had been secured, and the inquest would be continued there to-morrow.

Dr. Hull had a conversation with his counsel and family.

THE MANHATTAN BANK ROBBERY.

During the trial of Johnny Hope on a charge of robbing the Manhattan Savings Bank, the storm doors of the bank, which have been frequently referred to during the trial, were erected in the court room. The defense is alibi.

He advanced toward her and was shot just above the heart. The woman then shot herself in the left breast. The woman's wound is not considered dangerous. Mrs. Tomlinson claims that the shooting of her husband was accidental; he that it was deliberate. The parties are prominent here and Tomlinson is a man of considerable property.

LATE CITY NEWS.

There are half a dozen anonymous communications on file in this office which will be published when the names of the authors are handed in.

The case of Miss Elizabeth Bird, whose death was announced yesterday, was a remarkable one. She had not taken a particle of food or nourishment for over nine weeks, and literally starved to death. The funeral takes place from the cathedral to-morrow morning.

Rev. Ernst Stubatzky, of Lincoln, Neb., and Miss Elizabeth Lehman, of this city, were married last evening by the father of the groom, Rev. W. S. Stubatzky, of Emanuel's Church. A large number were present. The attendants were Aug. Datzky and Mary Stubatzky and Harry Knechle and Minnie Lehman. The reception was at the house of the bride's parents on East Washington streets, and was a pleasant affair. The presents were numerous.

Monroeville was the scene of a genuine war last night. A dance was advertised, but the dance was partially dispensed with, and every one indulged in a general soldiering. A party of fence builders employed by the P. F. W. & C. R. R., created the disturbance and everyone else took a hand. Whenever a man was seen lying in an alley or elsewhere, that man's head was immediately and effectually thumped. Black eyes, broken noses, scratched faces and other similar ornaments were worn by a large number of the lamb like citizens of Monroeville.

Prosecuting Attorney Hensch says that the judgment rendered yesterday in the case of the state vs. George Kanning, by Justice Beeks, is absolutely void and of no effect; that where an affidavit is filed before a justice of the peace charging a person with a felony, the justice must, under the law, either discharge the defendant or bind him over to appear before the grand jury and that a fine cannot be affixed in such a case. It is understood that the friends of the girl are not satisfied with Beeks's ruling.

The Indianapolis rolling mill last night closed a contract with Judge Low and W. J. Craig, of the Toledo, Delphos and Burlington narrow-gauge, for 800 tons of rails to finish that road from the Ohio state line at Wilshire, O., to Bluffton, Ind. Judge Low and Geo. J. Bippus also made arrangements for 350 tons of rails to complete the Chicago and Atlantic Narrow Gauge Railroad from Huntington, Ind., to Markle.

Yesterday between Conroy and Dixon, John Smith, a section man, while shoveling ties on a push car, fell off on the track and was run over and injured internally, and probably fatally.

45 Years Before the Public.
THE GENUINE
DR. C. McLANE'S
CELEBRATED
LIVER PILLS
FOR THE CURE OF
Hepatitis, or Liver Complaint,
DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm; the stomach is affected with loss of appetite and sickness; the bowels in general are constipated, sometimes alternating with laxity; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part; there is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done; a slight dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the liver to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequalled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS, bear the signatures of C. McLANE and ELEANOR BROS. on the wrappers. Beware of having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name, McLANE spelled differently but same pronunciation.

TUTT'S PILLS!

A NOTED DIVINE SAYS
THEY ARE WORTH THEIR WEIGHT IN GOLD
READ WHAT HE SAYS:

DR. TUTT'S PILLS: Dear Sir: For ten years I have been a sufferer from Dyspepsia, Constipation, and Piles. Last Spring your Pills were recommended to me. I used them (but with little faith) and now a well man, have good appetite, digest food perfectly, regular stools, sleep sound, and have gained forty pounds solid flesh. They are worth their weight in gold. Very truly, Rev. L. L. SIMMONS, Louisville, Ky.

A TORPID LIVER

Is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Constipation, Dropsy, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Liver Complaint, etc. etc. TUTT'S PILLS exert a powerful influence on the Liver, and will certainly relieve that important organ from disease, and restore its normal functions.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, a regular course should be taken every night, gradually lessening the frequency of the dose until a regular habit is formed. Price, 25 Cents.

DRIVING AT THE PARK.

Grand Gathering of Gallant Gentlemen and Lovely Ladies.

A Large Representation of the Fashion, Wealth and Beauty of the City.

The Flying Feet of Swift Trotters Keep Time to the Sweet Strains of Music.

The first of the series of semi-weekly open air concerts announced for Swinney Park, took place last evening and was a grand success.

Among the prominent gentlemen out were the following:

J. M. Coombs, with his natty turnout consisting of boy gelding Sunshyne and the gray mare Virg, throw the dust in a lively manner.

Henry G. Olds was on hand with his recent importation from Kentucky, a spanking pair of bays. They have plenty of style and speed in reserve.

Barney O'Connor with his bay and chestnut team was out. None of the boys cared to tackle him, so he had the fun all to himself.

Dave Fisher was also out. Having but recently wedded, life was too sweet to risk his neck by indulging in any grand bursts of speed. So he jogged his team leisurely.

Ed. Edgerton also sported a double team, which struck a good gate—at the entrance to the grounds.

Doe Loag was in his glory. The joy of jerking decayed molars was as nothing compared to the zest with which he sent his chestnut mare around the track at a 2:40 gait.

John Sedgwick, with Tom Scott, joined issues with him. Tom didn't have his speedy boots on, so the doctor held him level.

H. C. Parker came up smiling, with Frank, and he would have trotted faster if the hand-holds on the lines had not been too strong.

Sid Lumbard and Charlie Gorham had a race—by the time they had gone around about once, Parker, Loag and Sedgwick were coming round for the third time. Lumbard and Gorham got in under the wire first and stoutly claimed that they had beat the boys.

David P. White, seated behind one of Jack Read's best, says he could have gone fast, but his aversion to being in a hurry held him back.

Mathias Glynn was out with his black pacer. Mail is one of the directors of the track, and not liking to make the patrons of the park feel humiliated, he drove his world-beater around the track on a walk.

Bob Fisher, with his natty little grey, was there. Speed with Bob is no object; style and beauty are his glory.

John Lillie, jr., councilman from the ninth ward, was out with his black Anthony Wayne colt. It's an open question which John thinks most of, his office as councilman or the colt.

Tom Tulley was out with his little sorrel. Tom says wait until he drives his Richmond colt, and the wind will have to follow him. Guess that's so.

Wind is Tom's forte.

Jack Hamilton and his Tom Crowder colt were around. Jack says the colt is nervous and there was too much style about, he couldn't stand it. If he had only had Tom Hendricks he would have shown the boys how handy he was at getting beat.

Doctor S. B. Brown was present with his bay mare Fanny and enjoyed the occasion fully.

A. C. Perrin was in the crowd. Perrin should have driven Belmont Prince. John Sedgwick would have risked a quarter cut on Tom for the sake of a brush.

O. L. Perry, the lightning magnate who rules supreme over the wires of the Western Union (at this point only), was out with one of Draker's best. Perry could have driven faster, but if he had he could not have caught all the admiring glances that his style drew from the bright eyes of the fair. He wouldn't have missed them for the world, so he drove slow.

Frank Pond's nobby black steed stepped around the track at a lively gait.

Max Nirdlinger was present in force. He enjoyed the affair very much, but did not drive fast. You couldn't expect a fellow to show much speed with his horse when he has him handicapped hauling a miniature kindergarten around.

Oscar A. Simons and Harvey Turner, officers of the association, were present. They did not drive much, but seemed to enjoy the affair as much as any of the participants.

Then came Dickey Phowler, of the Gazette. It is not known who loaned him a rig, but you bet, between raising his fractions quiet and twirling that lovely moustache of his he had his hands full.

Following Dickey came Joe Clark, driving a four-in-hand rig with a tiger in the back. The tiger was gorgeously arrayed in livery borrowed for the occasion from the bus barn. Joe, the tiger and the Scotch terriers perched on the seat, made up a combination that was truly stunning.

H. J. Ash was on the track with a lively bay stepper and a comfortable barouche.

E. C. Turudo was expected out with his bays, and a little excitement was looked for, but he finally showed up with his solitary gray, to the great disgust of the assembled crowd.

Ras Chittenden drew the reins behind his high-stepping bay, and it was only by the exercise of his prodigious muscular power that he succeeded in holding his horse down below a three-minute gait.

Frank Paulus, the agricultural man, drove a fine large chestnut which showed a very lively pair of heels, and managed to leave most of the boys behind.

There were many others at the park too numerous to mention. The evening was a little too cool for complete enjoyment. It is to be hoped, however, that these out-door matinees—now that they are inaugurated—will be supported and carried on

through the summer, thus giving our citizens two evenings in each week for much-needed recreation and outdoor amusement.

As time progresses, the arrangements will be better perfected, and those of our gentlemen drivers who have fast steppers should arrange for trials of speed with each other upon these occasions. These would lend much to the enjoyment.

The Fort Wayne City Band added not a little to the pleasure of the affair by the beautiful selections they made. The horses pricked up their ears and pranced along gaily to the inspiring notes which emanated from the judge's stand.

The leading society ladies of the city were at the park, attired with richness and elegance, their bright eyes and laughing countenances forming one of the principal attractions of the affair.

At the refreshment stand beer, lemonade, cigars, ice cream, etc., were offered, but business was not so lively as it would have been but for the coolness of the evening. Dan Harmon failed to get there with his wheel of fortune causing great disappointment.

Altogether it may be said that the opening was an auspicious one. Such affairs give a decidedly metropolitan tinge to Fort Wayne life, and our citizens generally should unite to make them successful.

The next concert will take place Saturday evening.

RECKLESS SHOOTING.

Three Frog Hunters Fire at a Target.

A Little Girl Shot and Badly Injured.

What might have been a serious accident occurred at Tom Hunt's, last evening, in which Roseana, an eleven-year-old daughter of Jacob Peters, who resides near by, was shot in the back, directly under the shoulder blade. The wound is believed to be a very slight one.

NO BALL CAN BE FOUND, and the supposition of Dr. Myers is that the ball struck a rib and glided away, as it cannot be traced. Neither is there any internal hemorrhage to show that the ball penetrated the lung. Who fired the shot is not known. M. S. Phillely, John Muirhead and Bob Brackenridge had been out shooting frogs near the French Brewery, during the afternoon, and about 4:30 they prepared to

SHOOT AT A TARGET, and finally a stray shot struck little Roseana, who was passing by. As soon as the boys became aware of the accident they did all they could for the little unfortunate. Brackenridge came to town at once and notified a physician while the others stayed there to attend to the little girl. The rifle which the boys were using is a small 22-in. calibre.

No serious results are apprehended, and the fright is probably greater than the injury. No one feels any worse about the affair than do the boys themselves, and they are willing and desirous of doing all they can for the comfort of the little girl.

Dr. Myers stated, this afternoon to a SENTINEL reporter that the ball did not penetrate the lungs but was lodged in the walls of the chest. There is danger of inflammation and pleurisy, but the girl will probably recover.

Rome City.

About 200 Methodists from Grand Rapids pickedel at Rome City yesterday.

The Boz and Madrigal clubs went to Rome City yesterday and had a jolly time. Music, boating, fishing, etc., etc., were the order of the day.

The St. Vincent de Paul Society will give an excursion to Rome City to-morrow. About 600 tickets have already been sold, and a grand time is expected. The proceeds will go to swell the poor fund of the society.

Harmon Lodge, I. O. O. F., will give an excursion to Rome City on Friday. The largest crowd of the season is looked for. Two brass bands and an orchestra will be taken along and no pains spared to make the affair a success.

The Qui Vive Club will go up to Rome next Tuesday, the 24th inst. The affair promises to be strictly au fait.

In every occupation in order to obtain the confidence of the community in which either a business is carried on or a profession practiced, the individual must give satisfaction and be honest in his dealings and successful will follow. Dr. Von Moschizker has been but a short time with us. True his reputation preceded him, yet had he not shown here that the reputation was well deserved he could not have obtained the practice he has now. We hear one and all who have placed themselves under his medical care, and they are more able to judge, speak in the very highest terms of him, both as a physician and a gentleman. One patient, a man of great intelligence, remarked to us: "If ever a man understood what he is about it is Dr. Von Moschizker. His treatment of catarrh is wonderful; it penetrates every part. I have used everything and been treated for my catarrh. Nothing could reach it. He benefited me from the very first treatment he gave me, and each following treatment I continued to feel better and better. I know he will make a radical cure." We have not met a single individual of all his patients who had not something to say in his praise. We are therefore justified in strongly advising all who need his services to call on him at the Aveline House and not to delay doing so, as they may not so soon have another opportunity of being treated by so successful a specialist as Dr. von Moschizker.

An effort is being made to inaugurate a series of musical revival meetings in this city. Correspondence is now being had with a number of the leading workers in the country on the subject.

Dr. B. S. Woodworth is at home, and is able to attend to his professional business; by day, as well as by night in necessary cases; and furthermore, he does not intend to take any trips east or west during the coming season. He makes this announcement in consequence of his having been frequently advertised as gone or about to go to divers places, when and where he has had no intention of going. 6,18,1

Questions and Answers.

Question—How is gold like charity?
A.—Because it "covers a multitude of sins."

Q.—Does gold render people deaf, dumb, blind, and how?
A.—Yes; it makes them deaf to the whisperings of conscience as well as to the cry of misery; dumb when they should bear true testimony; and blind to vice and crime no less than to scenes of destitution.

OFF FOR ROME CITY.

The Grand Excursion will leave at 8.30 To-morrow Morning.
On to-morrow morning, the 19th inst., an excursion train will leave the P. F. W. & C. depot, which we have reason to believe will bear a goodly company of pleasure seekers to Rome City.

The manifold attractions of that little burg, together with the judicious measures taken to beautify it every year, give a substantial earnest that, in the near future, Rome City will eclipse many of our western watering places. Notwithstanding the number of excursions we have had to the "Village of Lakes" during the spring season, many of our citizens have not yet availed themselves of the opportunity to visit that delightful resort.

The chief cause that deprived so many of this pleasure was the unfavorable character of the weather. Unless "Old Probabilities" has forewarned all truth, the indications at this writing are that every crack in that portion of firmament sheltering Fort Wayne will be hermetically sealed on to-morrow. The somberness of the weather during the past two weeks will make a sunny interval doubly enjoyable.

Among those desiring a day of recreation with his family in the "coolest spot in Hoosierdom," and afterwards purchases a ticket to Rome City when it is raining forty gallons to the square foot, must learn wisdom from the proverb, "good weather waits for no man." The untiring efforts of the members of the St. Vincent de Paul Society supplemented by the courtesy and good tact of Mr. P. S. O'Rourke, are calculated to perfect all the arrangements necessary to the comfort and enjoyment of the excursionists. To avoid the inconvenience always attending a basket picnic a sumptuous repast will be given on the grounds by the ladies of the society. The train will leave the depot at 8.30 a. m. Tickets should be bought as soon as possible in order that little delay be experienced in making up the train. The management of the St. Vincent de Paul Relief Society extend a cordial invitation to all our citizens to participate in the festivities and thereby contribute to a cause that has been productive of so much good during the winter months.

People residing in palatial districts, or removing to such localities, can place reliance in the efficacy of Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic, to prevent or rather counteract all malarial diseases. It never fails to cure Chills and Fever, Dumb Chills and Enlarged Spleen, and is guaranteed to contain no dangerous drug. The composition of this medicine is given with each bottle, and can be had from all druggists.

We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as 'Hop Bitters.'—The Parents.

AMUSEMENTS.
THE ODD FELLOWS' EXCURSION.
Everybody is talking about the excursion to Rome City to be given on Friday under the auspices of Harmony Lodge, I. O. O. F. In fact everybody seems to be going, and no wonder. There will be more than twenty car loads of—fun. Two brass bands and a fine orchestra have been engaged. Dancing will be a leading feature. There will be boat rides, and fishing, and a great variety of amusements. The pretty girls will be on hand by the score, and if every fellow doesn't have plenty of fun it will be his own fault. A delegation of 300 people from the Richmond Road is expected to join the party at this point. The train will leave here at 8.30 a. m., and returning will leave Rome City at 5.30 p. m. Secure tickets from the committee.

THE RAILROADS.
The Pittsburgh pay-car left for Chicago at 1.30 p. m. to-day.

The Wabash excursion to Niagara Falls promises to be a success.
One hundred and seventy emigrants went west on No. 1 on the Pittsburgh to-day.

Twelve cars of sugar from New York arrived in the city to-day via the Wabash.

The Grand Rapids Company is reaping a rich harvest from its Rome City business.

Engine No. 161, Dave King engineer, will take the Pittsburgh pay car to Chicago to-day.

A number of the Grand Rapids baggage cars have been repainted, and present a nobby appearance.

The earnings of the Wabash road for May were \$333,324 against \$393,191 the corresponding month in 1878.

Yesterday was pay day on the Pittsburgh. In consequence a large mob got on a jamboree at the south depot last night.

It is said the road from Detroit to Toledo will be built jointly by the Wabash, Great Western and Grand Trunk roads, and that work will begin at once.

The general manager of the Wabash road has issued an order to engineers requiring them to sound the locomotive whistle sharply twice at each crossing, instead of blowing continuously as required by the Indiana law. He agreed to pay all fines for infractions of the law in compliance with this order.

The following premiums have been awarded to engineers on the west division of the Pittsburgh road for the month of May: Engine 220, A. Robinson, through passenger east; engine 214, F. H. Whitney, through passenger west; engine 134, M. C. Tyler, 1st premium, standard freight; engine 116, P. Riley, 2d premium, standard freight.

Indianapolis News: Judge Gresham is determined to close up the railroad receiverships under the jurisdiction of the United States court as rapidly as possible. He has set the case of the Fort Wayne, Muncie and Cincinnati Railroad for hearing on the 30th inst., when a decree of sale will be issued unless cause is shown why it should not issue.

Prospects for the early construction of the Fort Wayne and Terre Haute Narrow Gauge Railroad are flattering. Assurances have been received that sufficient local aid from along the line will be furnished to secure the right of way and grade the road. Representatives of a large corporation were in the city yesterday, and offered to furnish the iron and take a mortgage as security. There are now about enough cash subscriptions to furnish the ties and bridges and lay the track.

The following excursions are booked on the Grand Rapids and Indiana Railroad to Rome City:
June 19, St. Vincent de Paul.
June 24, Qui Vive Club.
June 25, Reformed Church.
June 26, Lutheran Church.
June 27, probably Wayne street Methodist.

July 2, Peru Presbyterians.
Aug. 15, 16, 17, 18, Church of God.
Also one from Grand Rapids to Rome City on the 21st inst.

What or which is the "Fort Wayne" road that the Gazette speaks so much of. There are a number of Fort Wayne roads, for instance the Pittsburgh, Fort Wayne and Chicago Railroad, the Fort Wayne, Jackson and Saginaw, the Cincinnati, Richmond and Fort Wayne, the Fort Wayne, Muncie and Cincinnati and the Fort Wayne and Terre Haute Narrow Gauge, besides a number of wagon roads bearing the name Fort Wayne.

The ambiguity of the Gazette will influence some one to commit suicide on the road question if it is not soon settled and changed.

The managers of the Wabash road claim to have effected an arrangement by which they will have an independent line into Chicago by Jan. 1, 1879. They state they have decided to get a Chicago outlet to make their road as valuable as it should be, and become independent of Vanderbilt, to whom they are now compelled to give all their business at Toledo. They do not mean to use the Chicago line simply as a branch of their main line, but make it as much of a through route as any of the other through lines now centering in Chicago. The Chicago and Paducah road forms the basis of their new line.

Toledo Commercial: Articles of association will be filed in a few days by a company who will build the extension of the Lake Erie and Louisville road from Celina, O., to Muncie, Ind., a distance of fifty-three miles. We have it on good authority that a contract for the construction of the road has already been let, and that one of the conditions is that the line shall be completed by December 1st. The eastern parties who recently purchased the L. E. & L. furnish the money to build the extension.

THE WABASH RAILWAY.
(Chicago Tribune.)
Judge Harlan also disposed of the motion to remand to the state courts two cases of Tyson vs. the Wabash Railway Company. These were foreclosure suits, one brought originally in the state court in Indiana and one in Illinois. The complainants were all non-residents of the state in which suits were brought. The railroad corporation was a citizen of the state in which suit was brought. There were also defendants, the different trustees in the various mortgages, and several of the number were also citizens of the states other than
